**POLICIES & PROCEDURES**

---

**HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT**

This document contains important information about our professional services and business policies. It also contains summary information about the Health Insurance Portability and Accountability Act (HIPAA), a federal law that provides new privacy protections and client rights with regard to the use and disclosure of your Protected Health Information (PHI) used for the purpose of treatment, payment, and health care operations. The Georgia Notice, which is attached to this agreement, explains HIPPA and its application to your personal health information in greater detail. The law requires that we obtain your signature acknowledging that we have provided you with this information at the end of this session.

**CONFIDENTIALITY**

All communications between client and therapist will be held in confidence, and will not be revealed to anyone unless you (or parent, in the case of a minor) give written authorization to release this information. Your legal right to privileged communication between a licensed psychologist and a client will be upheld unless overruled in a court of law during a legal proceeding. Georgia law requires that confidentiality be waived when the client's or other's personal safety is threatened or when disclosure of child abuse is made to the therapist. If we determine that a client presents a serious danger of violence to another, we may be required to take protective actions. These actions may include notifying the potential victim, and/or contacting the police, and/or seeking hospitalization for the client. If such a situation arises, we will make every effort to fully discuss it with you before taking any action and we will limit our disclosure to what is necessary.

## MINORS AND PARENTS

Unemancipated clients under 18 years of age and their parents should be aware that the law allows parents to examine their child's treatment records unless we believe that doing so would endanger the child or be countertherapeutic. Because privacy in psychotherapy is often crucial to successful progress, particularly with teenagers, it is our policy to request an agreement from parents that they consent to give up their access to their child's records. If they agree, during treatment, we will provide them only with general information about the progress of the child's treatment, and his/her attendance at scheduled sessions. Any other communication will require the child's authorization, unless we feel that the child is in danger or is a danger to someone else, in which case, we will notify the parents of our concern. Before giving parents any information, we will discuss the matter with the child, if possible, and do our best to handle any of his/her objections.

## FINANCIAL ARRANGEMENTS AND INSURANCE

Initial consultation, 45-55 minute individual and/or family sessions, and psychological assessments and interpretations are billed at \$200.00 per clinical hour. It is your responsibility to pay your bill. Our office will be glad to file your primary and secondary insurance for you (please provide our office with a copy of your insurance card). We cannot file tertiary insurance. **If your insurance company is unwilling to pay, it is your responsibility to make payment and contact the insurance company.**

## LATE CANCELLATIONS/MISSED APPOINTMENTS

We reserve a therapeutic hour for each person(s) scheduling an appointment; and our income is based entirely on the hours we see clients. If someone cancels late or misses an appointment, we incur a loss of income for that hour and are not able to offer that time to someone who may be waiting, possibly in crisis. Therefore, we must have an agreement that the appointment will be kept or, if you must cancel, we need to have ample notice to prevent this type of loss. Regardless of cause, The Psychology Clinic requires a 48-hour notice on cancellation to release you from your responsibility for that time scheduled. **You will be billed for late cancellation and/or missed appointments at a rate of \$75.00 per clinical hour.** Please note that insurance companies do not reimburse for canceled or missed sessions.

*I/we agree to the above terms of the late cancellation/missed appointment policy of The Psychology Clinic and will make prompt payment on any charge I/we incur for a late cancellation or missed appointment. I understand the therapeutic and economic necessity of such a policy. Your signature below indicates that you have read and understand the policies and procedures described above.*

**NOTICE OF PSYCHOLOGIST'S POLICIES AND PRACTICES TO  
PROTECT THE PRIVACY OF YOUR HEALTH INFORMATION**

This notice describes how psychological and medical information about you may be used and disclosed and how you can get access to this information. Please read it carefully.

**I. Uses and Disclosures for Treatment, Payment, and Health Care Operations**

We may use or disclose your protected health information (PHI), for treatment, payment, and health care operations purposes with your consent. To help clarify these terms, here are some definitions:

- “PHI” refers to information in your health record that could identify you.
- *Treatment* is when we provide, coordinate, or manage your health care and other services related to your health care. An example of treatment would be when we consult with another health care provider such as your family physician or another psychologist.
- *Payment* is when we obtain reimbursement for your healthcare. Examples of payment are when we disclose your PHI to your health insurer to obtain reimbursement for your health care or to determine eligibility or coverage.
- *Health Care Operations* are activities that relate to the performance and operation of our practice. Examples of health care operations are quality assessment and improvement activities, business matters such as audits and administrative services, and case management and care coordination.
- “Use” applies only to activities within our [office, clinic, practice] such as sharing, employing, applying, utilizing, examining, and analyzing information that identifies you.
- “Disclosure” applies to activities outside our [office, clinic, practice] such as releasing, transferring, or providing access to information about you to other parties.

**II. Uses and Disclosures Requiring Authorization**

We may use or disclose PHI for purposes outside of treatment, payment, or health care operations when your appropriate authorization is obtained. An “*authorization*” is written permission above and beyond the general consent that permits only specific disclosures. In those instances, when we are asked for information for purposes outside of treatment, payment, or health care operations, we will obtain an authorization from you before releasing this information. We will also need to obtain an authorization before releasing your Psychotherapy Notes. “*Psychotherapy Notes*” are notes we have made about our conversations during a private, group, joint, or family counseling session, which we have kept separate from the rest of your medical record. These notes are given more protection than PHI.

You may revoke all such authorizations (of PHI or Psychotherapy Notes) at any time, provided that each revocation is in writing. You may not revoke an authorization to the extent that (1) we have relied on that authorization; or (2) if the authorization was obtained as a condition of obtaining insurance coverage. Law provides the insurer the right to contest the claim.

**III. Uses and Disclosures with Neither Consent nor Authorization**

We may use or disclose PHI without your consent or authorization in the following circumstances.  
Child Abuse-if we have reasonable cause to believe that a child has been abused, we must report that belief to the appropriate authority.

Adult and Domestic Abuse- If we have reasonable cause to believe that a disabled adult or elder person has had a physical injury or injuries inflicted upon such disabled adult or elder person, other than by accidental means, or has been neglected or exploited, we must report that belief to the appropriate authorities.

Health Oversight Activities- If we are the subjects of inquiry by the Georgia Board of Psychological Examiners, we may be required to disclose protected health information regarding you in proceedings before the Board.

Serious Threat to Health or Safety- If we determine, or pursuant to the standards of our profession should determine, that you present a serious danger of violence to yourself or another, we may disclose information in order to provide protection against such danger for you or the intended victim.

*I have read the above and understand that it is my responsibility to make sure all insurance requirements are fulfilled. It is also my responsibility to notify this office of any changes in my insurance. I agree to be responsible for all charges incurred with The Psychology Clinic that result from non-covered services or client's failure to meet insurance requirements.*

**FCR Collection Services Authorization & Prior Consent to Current Service Agreements/Contracts**

I understand that if I have an unpaid balance to The Psychology Clinic and do not make satisfactory payment arrangements, my account may be placed with an external collection agency. I will be responsible for reimbursement of any fees from the collection agency, including all costs and expenses incurred collecting my account, and possibly including reasonable attorney's fees if so incurred during collection efforts.

In order for The Psychology Clinic or their designated external collection agency to service my account, and where not prohibited by applicable law, I agree that The Psychology Clinic and the designated external collection agency are authorized to (i) contact me by telephone at the telephone number(s) I am providing, including wireless telephone numbers, which could result in charges to me, (ii) contact me by sending text messages (message and data rates may apply) or emails, using any email address I provide and (iii) methods of contact may include using pre-recorded/artificial voice message and/or use of an automatic dialing device, as applicable.
